## **1. INTRODUCTION AND BACKGROUND**

The evangelical work in the Philippines was initiated by certain Philippines Pastors who had interest of fellowshiping with the Twelve Apostles' Church in Christ (TACC) after they interacted with the TACC - London website. They made some enquiries from TACC - London through emails. TACC - London redirected these emails to the Chief Apostle in South Africa. The Chief Apostle commissioned Apostle Zungula and Apostle Khukula to get in touch with the said Pastors with the intention of evangelising in the country of the Philippines. After exchanging some emails and documents with the Philippines Pastors, the evangelical work started in the Philippines.

On 15 August 2019 Apostles Zungula and Khukula visited the Philippines and managed to hold Church Services in three Branches in the Philippines. This date is significant because it marked the formal establishment of TACC in the Philippines, though there were interactions previously through emails and phones. The main contact person was Pastor Joel Catindoy Jadol of Tagum City in the northern part of the Province of Davao. During this visit, a hunger of the Word of God as it is understood by the Apostles was noticed to be at a high level from the Philippines Pastors. The reception received by the two Apostles from the Philippines was very warm. At times there were few elements who would water down the teachings of the Apostle and rubbish everything that was said by the two Apostles. Congregants of the Philippines were the first to defend the Apostles.

### **1.1 Context and Purpose of this Report**

The purpose of this report is as follows:

- (a) To give a full picture and report to the Chief Apostle about the work that He did in the Philippines using this Evangelical Team. The reality is that this Team did nothing on their own expect to do the work that has already been done (ex opera opera) by the Chief Apostle. The wonderful blessings he

gave for this work happened exactly as He pronounced. The Lord is worthy

to be praised for this. The Evangelical Team would like thank God for using it as His tools and also selecting them from a number of capable Church Members that might have done this work better than them.

- (b) To keep record of the Philippines Evangelical work so that it may be known by future generations to come. This record will also help those who might later take over to continue with this work. When doing work, it is important to know where it started, even if you do not necessarily know who started it. So indirectly this record is the writing of the TACC Bible for the future.
- (c) To monitor performance and measure progress of the work of the Chief Apostle as the time goes on. Remember that **what cannot be measured cannot be managed, and what gets measured gets done. Also what is not reported is assumed that it is not done.** This is the legacy of Chief Apostle Caesar Nongqunga and it must be recorded and known by the whole world for its benefit.

All this is done to promote **continuous improvement** of the work of God. If an institution, like a Church, knows that its performance is being monitored, it is more likely to perform the required tasks, and to perform them well. There is power in measuring performance as shown below:

<b><i>The Power of Measuring Results</i></b>
▪ <i>If you do not measure results, you cannot tell success from failure;</i>
▪ <i>If you cannot see success, you cannot reward it;</i>
▪ <i>If you cannot reward success, you are probably rewarding failure;</i>
▪ <i>If you cannot see success, you cannot learn from it;</i>
▪ <i>If you cannot recognise failure, you cannot correct it; and</i>
▪ <i>If you can demonstrate results, you can win and sustain new souls.</i>

Measuring performance is important because performance information indicates how well an institution (Church) is meeting its aims and objectives, and which policies and processes are working. Performance information is key to effective management, including planning, budgeting, implementation, monitoring and reporting. Performance information also facilitates effective accountability to the upper Structures. This tracking of performance progress identifies the scope for improvement and better understanding of the issues involved.

Forward planning is not against the Word of God since even the Ten Commandments talks about what needs not to be done in future. Actually a prayer involves praying for the future. The Bible also agrees with the forward planning hence these verses:

- "For I know the plans I have for you, declares the Lord, plans for welfare and not the evil, to give you a future and a hope" (Jeremiah 29:11).
- "Commit your work to the Lord, and your plans will be established" (Proverbs 16:3).

- "Many are the plans in the mind of a man, but it is the purpose of the Lord that will stand" (Proverbs 19:21).

## **1.2 Philippines at a Glance**

The Philippines officially known as the Republic of the Philippines (Filipino: Republika ng Pilipinas), is an archipelagic (one of the five countries in the world designated as island country) country in Southeast Asia. It is situated in the western Pacific Ocean, and consists of about 7,640 islands, that are broadly categorized under three main geographical divisions from north to south: Luzon, Visayas, and Mindanao. The Philippines is bounded by the West Philippine Sea to the west, the Philippine Sea to the east, and the Celebes Sea to the southwest, and shares maritime borders with Taiwan to the north, Japan to the northeast, Palau to the east and southeast, Indonesia to the south, Malaysia to the southwest, Vietnam to the west, and China to the northwest.

The Philippines covers an area of 300,000 km<sup>2</sup> and, as of 2020, had a population of around 109 million people, making it the world's thirteenth-most populous country. The Philippines is a multinational state, with diverse ethnicities and cultures throughout its islands. Manila is the nation's capital town, while the largest city is Quezon City, both lying within the urban area of Metro Manila.

It is considered to be an emerging market and a newly industrialized country, which has an economy transitioning from being based on agriculture to being based more on services and manufacturing. The Philippines is a founding member of the United Nations, World Trade Organization, Association of Southeast Asian Nations, the Asia-Pacific Economic Cooperation forum, and the East Asia Summit. The Philippines' position as an island country on the Pacific Ring of Fire and close to the equator makes the country prone to earthquakes and typhoons. The country has a variety of natural resources and a globally significant level of biodiversity.

The Philippines proudly boast to be the only Christian nation in Asia. More than 90% of the population of the Philippines is Christian, based on the influence from its former colonisers, Spain and United States of American with Roman Catholic Church being a dominant religion.

## **2. BOARD OF TRUSTEES MEETING**

On Monday, 18 April 2022, we held a meeting with a TACC Board of Trustees of TACC in Philippines. This meeting was attended by nine Members of the Board of Trustees and five Community Elders, and Apostle Khukula, Apostle Zungula and Overseer Ntsana. The meeting discussed the following agenda items:

- (a) Philippines Vision;
- (b) TACC Registration in the Philippines;
- (c) Sealing Services Report;
- (d) Philippines Structures (National & Province);
- (e) Chief Apostle Visit to Philippines;
- (f) 2022 International Thanksgiving Services; and
- (g) Any Other Business.

The Asia is the biggest continent of the world and the is that the footprint of TACC should equally be big in Asia. The population of Philippines is about 120 million while that of South Africa is about 60 million. If in South Africa TACC has got a Membership of about six million, the prayer (vision) of the Team is that TACC – Philippines Membership should be double (12 million). It was agreed that the following Structures should be put in place:

- (a) National Executive Committee (NEC) composed of nine Members of the Board of Trustees which will be beef up to accommodate the other

Provinces and areas outside Tagum City. The NEC was given a duty to operationalise the beefing up exercise.

- (b) The NEC should also establish a seven-person Provincial Executive Committee (PEC) for the two Provinces that TACC has a footprint; and
- (c) Although there is no date set yet for the Chief Apostle visit into the Philippines, the NEC should start planning and doing preparations for the visit.

### **3. SEALING SERVICES REPORT**

The main purpose of this visit to the Philippines was to conduct Sealing Services based on the evangelical work that took place as from 15 August 2019 when the Philippines was visited. In one of the Communities Church, Members were solemnised and baptised with water. Coupled with the work of the Sealing, Officers were ordained from the level of a Sub-deacon up to the level of a Community Elder.

## 2.1 Sealing Services

The report of the first Philippines Sealing Service that was conducted from 08 April 2022 to 14 April 2022 is as outlined below:

Sealing Church Services				No. Sealed	Remarks
Venue	Date	Time			
1. Urban Conocoton, Tagum.	08 April 2022	08H30	39	Attendance was low during the week especially in urban areas.	
2. San Vicente, Panabo.	09 April 2022	08H30	43	They have a well-constructed hall. Spirit of unity was high.	
3. San Fransisco, Panabo.	09 April 2022	13H00	109	Music that was accompanied by instruments was good.	
4. Linao, San Isidro.	10 April 2022	08H30	116	This Community is like a mission and is very organised.	
5. Catanico, Cagayan de Oro.	12 April 2022	08H30	51	This is in a township and interest to know was high.	
6. Libuna, Bukidnon.	13 April 2022	08H30	50	This is a rural area in a farm and levels of poverty are quite high.	
7. Alai, Bukidnon.	14 April 2022	08H30	55		
Total Number of Souls Sealed				463	

## 2.2 Ordainment of Officers

In all the Church Communities that were sealed, from the level of a Sub-deacon to a level of a Community Elder, Church Officers were ordained for the first time, immediately after the Sealing Services. The details of ordained Church Officers are tabulated below:

Church Community	Sub-deacon	Deacon	Priest	C/Elder	Total
1. Urban Conocoton, Tagum.	7	2	2	2	<b>13</b>
2. San Vicente, Panabo.	4	2	1	1	<b>8</b>
3. San Fransisco, Panabo.	12	2	1	1	<b>16</b>
4. Linao, San Isidro.	48	5	6	2	<b>61</b>
5. Catanico, Cagayan de Oro.	5	5	1	1	<b>12</b>
6. Libuna, Bukidnon.	8	9	1	1	<b>19</b>
7. Alai, Bukidnon.	3	4	1	1	<b>9</b>
<b>Total Officers Ordained</b>	<b>87</b>	<b>29</b>	<b>13</b>	<b>9</b>	<b>138</b>

#### **4. CONCLUSIONS AND RECOMMENDATIONS**

Based on the observations and discussions of the Evangelical Team from time to time during its stay in the Philippines, the following conclusions were drawn:

- (a) The Philippines people are very welcoming to the doctrine and teachings of the Apostles, e.g. difference between Jesus and Christ. Actually there are some things that they do which someone wonders where did they adopt it as it aligns with the doctrine and culture of the TACC, e.g. white cloth on the table, using live flowers to welcome Apostles, always having fruits under the Church table, etc.;
- (b) There is also a culture of music generally in the Philippines and specifically in the Christian Community, particularly within the youth. This area of talent

needs to be developed and professionalised for the benefit of the Church;

- (c) What also surprised the Team is interest that was shown by some Philippines Members in the holy dreams, while they were not taught much about holy dreams. To the Team this showed that Philippines people are fast learners;
- (d) The population of the Philippines is almost double that of South Africa. If the TACC Membership in South Africa is about six million, that indicates that over time the TACC Membership in the Philippines may be double that of South Africa;

- (e) The Philippines is well positioned geographically in order for the TACC to easily have a footprint in Asia, United States of America, Australia and New Zealand. The Philippines link well with India where TACC already have a footprint. United Arab Emirates, which has started to develop, will be a convenient centre for Middle East, Europe, Africa, USA, Asia and Australia. The possibility of spreading this gospel to all the continents of the world, as espoused in the Book of Matthew 28, is becoming a reality now;
- (f) Generally, and linked to their culture, the people of the Philippines embraces families. This strong family ties are also evident in the Church where Church Members are related to each other. No wonder in the Community of De Linao, San Isidro there were eight Officers with the same surname of Jadol and the same surname surfaces in other nearby Communities. In a Community of Libuna, Bukidnon that is led by a Community Elder Paul Noble, out of 12 Officers anointed there, eight (67%) also carry a surname of Noble. This works more to the advantage of the Church;
- (g) It was also noticed that the culture of the people of Philippines is closer to that of the African culture where elderly people are respected and given a special position of honour within the society. When a youngster is greeting an elderly person he will take the hand of the elderly and put it on his forehead as a way of asking for blessings.
- (h) According to the original plan of the Evangelical Team, three Communities in the Island of Philippines was supposed to have their own Sealing Services. When that was impossible due to number of days set aside for the visit, it was agreed that the Communities in the Island will not be visited and their Sealing Services be postponed to the next year. As a mitigating factor the leading Pastors from those Communities were to travelled to Cagayan de Oro which was going to have Sealing Services. Because of the bad weather characterised by typhoon which left 20 people dead, those three Pastors could not come to meet the Team. One of the Pastors visited Davao on Monday, 18 April 2022 just to meet the Apostles before they leave;
- (i) Also Impasug-ong Communities did not have Sealing Services though on their way from Cagayan de Oro back to Davao, the Team made a stop of about an hour

there just to meet the leading Pastor and his family. He indicated that there are five Communities with Pastors that are working under him which would join TACC together with him.

- (j) The Community of Valencia Bukidnon was also not visited although it was in the Programme and was the first Community to be visited in the previous visit. The reason for cancellation of the visit was because of the work commitment. **In total there are nine Communities that were not visited;**

Based mainly on the above conclusions, the following recommendations are hereby submitted:

- (a) Generally, the Philippines is prone to disasters like floods, typhoons, etc.  
The prayer of the Team is that these disaster occurrences should now stop;
- (b) The culture of respect, hospitality and embracing family values, should be preserved in the Communities of the Philippines because this has got a number of advantages in the Church, like unity, harmony, subordination, etc.;
- (c) There are three Communities in the Islands that could not be visited due to bad weather. One of these Communities were supposed to have been visited during the last visit in August 2019. It is therefore recommended that during the next visit these, Communities should be prioritised;
- (d) There is also additional five Communities in Impasug-ong that Sealings could not be held but were just visited by the Evangelical Team on its way back to Davao. In the next visit the Team will have to also prioritise these Communities;
- (e) There is one Community of Valencia that was also not visited. These Communities that were not visited add up to a total of nine (9) and they will have to be prioritised and their Members sealed during the next Sealing;
- (f) There is a huge potential of music talent in the Philippines Communities and it is recommended that the TACC should develop and professionalise it especially amongst the youth;

- (g) Because of the high population of the Philippines country and its geographic position, the Team request assistance from the TACC to support the development of the evangelical work in the Philippines; and
- (h) The Community of Alai, Bukidnon bought a piece of land for the Church and paid 50% deposit for it. They are now failing the raise the remaining 50% amount of P140 000 (R45 000) and they have been given a notice to pay it by not later than 01 August 2022 or the land will be repossessed from them. What worries them is that they have already paid a deposit of P140 000 and they have built a Church hall on the land. **The Team recommends an assistance to be given to them to pay the remaining amount of R45 000 in two instalments of R22 500 by June and another R25 000 in July.**
